By Our Formula METHODISM'S a medicine that has an unap-

proached record of cures of robila, eczema, eraptions, catarrh, enmatism, anemia, nervousness, that tired feeling, loss of appetite, etc.

The combination and proportions of

the more than twenty different remedial agents contained in Hood's Sarsaparilla are known only to ourselves, so there can be no substitute.

This medicine makes healthy and strong the "Little Soldiers" in your blood, -those corpuscles that fight the disease germs constantly attacking you.
